banjo

monitor
(only needed in
a large hall)

Summary: 2 armless chairs, 4 tables, 4 mics, 4 stands, 2 monitors for a large hall

All mics should be on boom stands, telescoping if possible.

House lights should be at half throughout the concert.

Hospitality: coffee and diet pepsi on arrival.

Our sound check can take up to an hour. Please have the sound system set up and ready to begin the sound check two hours before performance time.

Assistance with load-in would be appreciated, plus a parking spot (one car only) as close as possible.

If you are not able to provide what is indicated here, please contact us. Depending on the circumstances, we can sometimes get by with less, and it is usually possible for Simple Gifts to provide an entire sound system.
