

# Simple Gifts Technical Requirements

## back stage

- If a piano is provided, it is essential that it be tuned to A-440, since some of our instruments cannot be tuned. If the piano is not in tune, please let us know and we may be able to bring an electric piano.
- If a piano is provided, we need:
  - 1 piano with piano bench
  - 6 instrument mics
  - 2 speaking mics
- If an electric piano is used:
  - 1 DI for the piano
  - 5 instrument mics
  - 2 speaking mics
- All mics should be on boom stands. Simple Gifts can sometimes bring extra boom stands (also mics and cables), so let us know.
- Other equipment needed:
  - 3 chairs (one at piano; one for concertina; one behind Karen)
  - table to display instruments, table for CD sales, 2 tables off-stage if possible
- House lights should be at half throughout the concert.
- Since we perform on at least 12 different instruments, our sound check can take up to an hour. Please plan to have the sound system set up and ready to begin the sound check at least 90 minutes before performance time.
- If you are not able to provide what is indicated here, please contact us. Depending on the circumstances, we can sometimes get by with less, and it is sometimes possible for Simple Gifts to provide the entire sound system.
